

**Cris Johnson's**  
***"Super Red-Hot"***  
**Source Report!**

This is one of the smallest, shortest items in the whole System, but like that old magic adage of "packing small, playing big," you'll soon find that this is one of the most valuable components you'll ever use!

**Loftus-tricks**

Use these guys to order tricks for individual sales, your magic sets, etc. Their prices are GREAT, and they apparently don't have a "minimum" order like a lot of wholesalers.

**World Clown Association-insurance**

A good professional magician needs insurance. This is the LOWEST I've ever seen, after talking to different carriers. You get \$1,000,000 in liability coverage for \$200 a year!

**Godaddy.com-domain names**

**dollar store- tricks**

If you're desperate, you can sometimes find great stuff at the dollar store. For "goody bags" I've often found colorful plastic bags for 30 for a \$1.00.

**Oriental Trading Co.**

A GREAT source for cheap giveaway items. Not a very big selection of magic, but their other stuff is worth checking out.

The easiest way to get mailing lists for schools. Their staff is polite and helpful, too. Important: With this site, you don't rent lists like most companies—once you buy it, it's YOURS! This is a HUGE tip!!
