My Full Phone Scripts

Now you're getting into the exact scripts that I use and have used for years. I continue to tweak these from time to time, whether to add or remove certain routines, to test new fees, or whatever. I never consider the scripts 'finished' in the sense that a novel is finished.

I should also point out the fact that many professionals have their scripts in "outline" form, that is, they don't have everything written out word-for-word. Some people feel that reading word for word diminishes the feeling of spontaneity a normal conversation would provide.

I agree with the idea, but for my own personal life, I find the word-for-word idea to work best for me. Once you've been doing this for a while, you can of course decide which method works best for you and adjust accordingly.

Here are the scripts included:

- A List of Questions to Ask Clients First
- Birthdays ages 3-4
- Birthdays ages 5-7
- Birthdays ages 8-12
- Daycares – General
- Schools – Just-For-Entertainment
- Adult Functions/Corporate Events – 3 separate ranges

If you'd like, you can have the main manual open as you examine the scripts, allowing you to follow along and take notes. As always, if you have any questions about anything in this text, feel free to contact me.

Questions to Ask First!

(Don't just start yammering first. Ask these questions to find out specifics about the event.)

1. What kind of event are you planning?
2. What's the date and time?
3. Where is the event going to be held?
4. Will it be in indoor or outdoor?
5. What is the age group or groups of those attending?
6. How many people will the event have?
7. What kind of entertainment have you used in the past? (*Important! One client told me she hated the coloring book "all Magicians" use. I wisely left mine home!*)
8. What did you like or not like about your past entertainment?

Age 2-5 Daycare Show Phone Script

First of all, I am a full-time children's entertainer with 15 years experience performing for and interacting with daycare age children and perform 200+ shows a year. This is not something I do on the side—this is how I pay my bills and put food on my plate. I know how to get to the kids' level! I'm also fully insured for your peace of mind.

I have several different theme shows perfect for ages 2-5. Each feature clean, silly fun, audience volunteers, funny magic, music, and plenty of funny skits & magic centered around whatever theme you choose. Best of all, during the show, my puppet Mr. Bigglesworth really gets the kids to laugh and have fun. Any humor in the show is perfectly safe—some entertainers slip in off-color jokes to try and appeal to adults—I stress family fun and innocent humor in my shows.

Before the show, I provide your center with posters, fliers for the kids to color in, invitations to the party to send home with the kids in case you're collecting for this event, and a sheet of extra ideas and activities to use leading up to the event.

Each show sets up in a couple of minutes, making it very easy for you.

We also have optional LIVE animals—during the show, kids will see live birds appear from thin air, and one child will make my live hamster, Harry, appear at the end of a funny routine with several magic wands. The live animals are fun, but younger kids usually just want to laugh, which is the main focus of each & every program.

The investment for this program is a very reasonable \$125, or \$175 for two back-to-back shows if you have a LOT of kids. The live animals are available for only \$15 more.

Also, if you have more than one center in your chain, I offer multiple center discounts. I want to stress again that with my 15 years of experience, I am an expert at getting to the children's level without being condescending to them, unlike a lot of unqualified amateurs.

Before I finish, I just want to tell you the names of a few of the theme shows: First, there's the "Magic & Animal Antics" show, with or without live animals, it's perfect for centers just looking for good, clean fun. My themed programs include: The "I Love America" patriotic show, "Frosty's Magical Birthday" winter show, "The Awesome Teeth Dental Hygiene Show," "The Lean, Mean, Eating Machine Nutrition Show," "Yes I Can" Self-Esteem Show, and several others. Each show is different featuring different skits, magic, and silliness, meaning if you book one show, you HAVEN'T seen it all, unlike a lot of the amateurs out there.

What do you think?

Objections:

“I have to check with the owner, they make all the decisions...”

RESPONSE: “I understand! When do you think I could talk to this person because my dates are very limited.”

“I’m just not sure.”

RESPONSE: “I understand. Maybe you’ve used entertainers in the past who really didn’t know how to get down to the daycare age children’s level. I’ve been doing this for 15 years, and I specialize with children’s events. It’s my full-time job. My daycare clients love to have me back for different events over and over again. I’m also fully insured for your peace of mind.

“That’s a lot of money.”

RESPONSE: “I agree it sounds like a lot of money. Consider other part time amateurs who may have talked their way into your center. Were they insured? Did they have expensive props or years and years of experience dealing with this age group? I also reinvest in my education and programs year after year to give my clients the best value for their time & money.”

Birthdays 3-4

I've got a few different package options for you. We offer different programs so you can select the one that best suits your needs. Also, we can mix and match things if you have your preferences. For children 3 or 4 years old, I recommend a SHORT program, as it's difficult for little ones to sit still for long.

My first package is my Bronze Package, which consists of a 30-minute magic show featuring color, join-in fun, loads of laughs, and fun that the kids can understand.

I use a lot of volunteers for the show to keep the kids interested, as their attention is easier to hold if they're actively involved.

I have one child help me with the World's Strangest Magic Trick, which involves, music, dancing, tissue paper, and laughs! Other effects include a game of Pin the Tail on the Donkey with a surprise ending designed to keep the kids laughing, a special blooming flower that only blooms when the magician isn't looking, which causes the kids to laugh, yell and point...in other words, keep them involved! There's also a **REALLY** funny ending during which my pocket hanky dances all over the place while I'm standing too far to even touch it. The kids yell to let me know the hanky has appeared, but when I turn around again, it hides...over & over until the surprise ending. At the end of the show every child also receives a balloon animal and some other free goodies.

The Bronze Package is available for \$125.00.

My Second Package is my **Silver Package**. It includes everything in the previous package, plus music to enhance the fun, a large backdrop to help focus the attention of the kids, and finally live animals! I make live birds magically appear from no where, and the kids always get excited for this, and this helps focus their attention even more. Later on, I have the birthday child help out by making a live goldfish magically appear! Kids will never forget this. I'm also the only one doing this.

Later, the birthday child also makes my LIVE hamster, Harry, appear at the end of a really funny routine with magic wands. These and other effects really make your child the STAR of the show, which really makes your child feel special on his/her special day. The children can form a line and pet the animals after the show. They're very tame and safe. Again, the children also receive balloon animals after the show.

The Silver Package is available for \$140.00.

My final package is my Gold Package. It includes everything in the previous two packages PLUS I can float the birthday child or another child in the air. Like my other packages, the kids also receive balloon animals. They ALSO each receive a magic "goody bag" loaded with candy, simple puzzles, and magic knick-knacks. You receive 10 of the goody bags—each additional one is a dollar.

The Gold Package is available for only \$160.00.

With all of these packages, I offer an unconditional money-back guarantee: if you don't feel everyone had an absolutely wonderful time, you don't pay me. It's THAT simple. By the way, in 12 years of performing, no one's ever taken me up on this! How many other performers guarantee their work?

Please remember that any of these packages can be “mixed & matched.” I know I threw a lot of info at you. Are there any questions you’d like to ask me?

Birthdays 5-7

I’ve got a few different package options for you. We offer different programs so you can select the one that best suits your needs. Also, we can mix and match things if you have your preferences. As far as your investment and the length of the program, I’ll start with our largest, best package and go down from there.

The Platinum Package consists of a 40–45-minute show filled with funny & amazing magic, audience participation, music to enhance the fun, comedy, and live animals. The show begins with live birds magically appearing from nowhere. The kids always react to this by getting really excited, laughing, and paying close attention as they wait for the next surprise.

In addition to being the focus of the show, your birthday child also makes a live goldfish appear out of thin air! The kids always flip out for this even more than the birds! By having your birthday child do it, the kids get even more excited because they see one of their friends doing the magic. This also makes your child feel really special because he or she gets to be the center of attention and do all this cool stuff.

Speaking of which, your birthday child also makes my live hamster, *Harry*, magically appear at the end of a silly routine with a magic wand. The kids really “Ohhh” & “Ahhh” at this! It’s funny, cute, and again helps focus attention on the kids. At the end of the show I have the kids form a line to pet the animals. They are tame and very safe.

Since it’s an interactive show, I use a lot of volunteers, and ALL the kids get to help out in some way, which is important because kids don’t want to just sit and watch...they want to be involved.

The show is very professional looking, with a large backdrop, music to enhance the event, and a wide variety of colorful tables, props, and effects to give the show a professional, enjoyable look and feel. There’s also some funny story telling to enhance the event.

Other effects include: different forms of levitations, lots of silly magic involving his pet Mr. Bigglesworth, a realistic looking raccoon, a really funny routine involving one of the kids, tissue paper, music, and dancing! The kids laugh like crazy during this! I also turn one of the kids into a “human cartoon,” by creating the illusion that their head is inflated to three times its normal size! There’s a lot more, too.

I use a cute soft, plush hand puppet for a funny routine, and your child is presented with it during the show and gets to keep it! This is a special bonus for this program.

If you’re having the show outside, there’s a special encore effect in which I create a snowstorm! This ending will leave everyone, adults, and kids, talking for days afterwards.

Toward the end of the performance, there’s The Flying Carpet Illusion in which I make your birthday child float in the air! It’s a great photo opportunity and really ends the performance on a high note! AS A SPECIAL BONUS, I also include Polaroid pictures of each child holding one of the animals after the show at no additional cost! The

kids can simply wait in line, resulting in more time coverage! You get 15 pictures FREE. Each additional picture is \$1.50.

I'm a Family specialist, and a full-time children's entertainer with 15 year's experience, so I really know how to interact with everyone, and I make sure the entire program is family-friendly, with CLEAN comedy that won't offend anyone. I've performed for several daycares, schools, and churches, so I know EXACTLY how to perform for mixed group The entire program is SO EASY for you...I don't need any tables or equipment from you, I bring my own sound equipment, and don't need any help carrying anything or setting up. All you need to do is sit back, relax, and take all the credit for putting together a fun, unforgettable event!

At the end of the show, I do something very different. Like other magicians and clowns I make balloon animals for the kids, and I wanted to give the kids something else, too, so in addition to balloons, I provide Goody Bags which have magic tricks, small toys, candy, and Knick-Knacks! There's one per child so everyone over the age of three gets one...You get all you need, up to 20. Each additional one is \$1.00. There's also a special package of extra stuff for the birthday child. It includes a little airplane they can put together and fly, a checkers set, and more. Again this is unique to my show; they're a longer lasting reminder of the great time everyone will have at your event and a memory that will last a lifetime.

The Platinum Package is available for \$200.00.

The Gold Package consists of everything in the Platinum Package, *minus* the Floating Carpet, the backdrop, the Polaroid pictures, the free plush puppet, and 10 of the goody bags. It still includes the 40-45 minute magic show including all the magic and fun I described with the live animals (including the birds, the fish and the hamster), the music, the balloon animals, 10 of the Goody Bags (each additional one is \$1.00), the special package for the birthday child, all the join-in fun, and they get to pet the animals after the program.

This package is available for \$160.00.

The Silver Package is a 30- 35-minute show that still includes the magic show, the join-in fun, music, the silly magic including the raccoon, the streamer trick, and balloons. It does not include the live animals or the goody bags. Instead, kids get Fortune Telling Fish and magic trick Pamphlets that teach 12 cool magic tricks and balloon animals after the show. You'll also get the snowstorm for outside shows. This package is suitable for VERY young children who may not be able to sit still for 45 minutes.

This package is available for \$140.00.

With all of these packages, I offer an unconditional money-back guarantee: if you don't feel everyone had an absolutely wonderful time, you don't pay me. It's THAT simple. By the way, in 15 years of performing, no one's ever taken me up on this! How many other performers guarantee their work?

Birthdays 8-12

First, you should know that I'm a full-time professional children's entertainer. This is how I feed my family and pay my bills, so you can feel confident with my programs. We offer different programs so you can select the one that best suits your needs. Also, we can mix and match things if you have your preferences. As far as your investment and the length of the program, I'll start with our largest, best package and go down from there.

The Platinum Package consists of a 40- 45-minute show filled with funny & amazing magic, audience participation, music to enhance the fun, comedy, and live animals. In addition to being the focus of the show, your birthday child also makes a live goldfish appear out of thin air! The kids always flip out for this even more than the birds! By having your birthday child do it, everyone gets even more excited because they see one of their friends doing the magic, not just the magician. This also makes your child feel really special because he or she gets to be the center of attention and do all this cool stuff.

My live hamster, *Harry*, magically appears at the end of a really funny routine with fruit, fire, and borrowed money! Everyone really "ohhhs" & "Ahhhs" and laughs at this! It's funny, and again helps involve your guests. At the end of the show I have the kids form a line to pet the animals. They are tame and very safe.

At the end of the show, I also provide a Deluxe Magic Set for the birthday child. This is something I put together myself and includes effects I've used for years in my own show. With this set, your child could easily put on his or her own show! I normally sell this for \$60. In fact, at fundraisers, I sell just one trick from the set for \$10! Another trick in the set cost ME \$40 to learn.

Since it's an interactive show, I use a lot of volunteers, and ALL the kids get to help out in some way, which is important because kids don't want to just sit and watch...they want to be involved.

The show is very professional looking, with a large backdrop, music to enhance the event, and a wide variety of colorful tables, props, and effects to give the show a professional, enjoyable look and feel.

Other effects include: different forms of levitations, a hysterical routine involving a mysterious locked black box which contains an "animal," a routine with a volunteer, tissue paper, music, and dancing! The kids laugh like crazy during this! I also turn one of the kids into a "human cartoon," by creating the illusion that their head is inflated to three times its normal size! There's a lot more, too.

I also do a bit of mind reading during the show to hold the attention of older kids and adults, and after the show, everybody gets one to take home! I've had companies like General Motors and The Home Depot FLIP for this, and you get these as an added bonus!

In addition to all of that, I also create a "snowstorm," inside or outside!

There's also a special encore effect in which I get one volunteer, preferably the birthday child if willing, to put their head in my six-foot tall guillotine! After A LOT of

jokes and fun, I drop the blade...which goes right through the volunteer's neck and passes out the other side, without harm!

I'm a Family specialist, so I really know how to interact with everyone, and I make sure the entire program is family-friendly, with CLEAN comedy that won't offend anyone. I've performed for several daycares, schools, and churches, so I know EXACTLY how to perform for mixed groups.

The entire program is SO EASY for you...I don't need any tables or equipment from you, I bring my own sound equipment, and don't need any help carrying anything or setting up. All you need to do is sit back, relax, and take all the credit for putting together a fun, unforgettable event!

At the end of the show, I do something very different. Most of the other magicians and clowns make balloon animals for the kids and that's fine.

Instead of that, I provide Magic Books, which teach kids an amazing 102 tricks with stuff around the house! There's one per child so everyone over the age of three gets one...You get all you need, up to 20. Each additional book is \$1.00. Again this is unique to my show; they're a longer lasting reminder of the great time everyone will have at your event and a memory that will last a lifetime.

The Platinum Package is available for \$200.00.

The Gold Package consists of everything in the Platinum Package, *minus* the Deluxe Magic Set. It includes the 45-minute magic show including all the magic and fun I described, the Guillotine, the Snowstorm, the live animals (including the birds, the fish, and the hamster), the music, 10 of the Magic Books (each additional one is a dollar), all the join-in fun, and they get to pet the animals after the program.

This package is available for \$160.00.

The Silver Package is a 30- 35-minute show that still includes the magic show, the live animals, the join-in fun, music, the magic show including the black box, the Human Cartoon Trick, and instead of the books, they still get Fortune Telling Fish and Magic Pamphlets which teach 12 tricks and petting the animals after the show. You'll also get the snowstorm. This package is suitable for groups of children who may not want to sit still for 40- 45 minutes.

This package is available for \$135.00.

The Bronze Package consists of a 30-minute program minus the live animals, the music, and the backdrop. You still get the funny magic, the join-in fun, the music, the snowstorm, the black box, the human cartoon trick, and the Fortune Fish and pamphlets. This package is good for very small areas.

The Bronze Package is available for \$105.00

With all of these packages, I offer an unconditional money-back guarantee: if you don't feel everyone had an absolutely wonderful time, you don't pay me. It's THAT simple. By the way, in 12 years of performing, no one's ever taken me up on this! How many other performers guarantee their work?

Large Events for CHURCHES, PICNICS, COMPANY PARTIES, REUNIONS, ETC. (Children AND Adults)

I have several different packages for you to choose from. The first is The Bronze Package, which consists of a 40–45-minute show featuring audience participation, fire effects, musically enhanced magic routines, comedy, and animal effects. The show begins with beautiful live doves magically appearing from nowhere. People are always amazed by this, and they laugh, clap, and get really excited as they wait for the next surprise.

Later one of the children comes up and makes a live hamster, Harry, magically appear at the end of a really funny magic wand. It's funny, cute, and he helps focus attention on the kids. At the end of the show I have the kids form a line to pet the animals. They are tame and very safe.

Since it's an interactive show, I use a lot of volunteers, and ALL the kids get to help out in some way, which is important because kids don't like to just sit and watch . . . they like to be involved.

The show is very professional looking, with a large backdrop for indoor shows, music to enhance the event, and a wide variety of colorful tables, props, and effects to give the show a professional, enjoyable look and feel.

Other effects include: different forms of levitations, a comedy routine involving tissue paper, a volunteer, and dancing, and a routine with his magic Floating Puppet! It's one of the routines that gets the most laughs and people remember the most! I also feature the Human Cartoon Trick, in which I create the illusion that a volunteer's head is actually inflated three times its normal size! Everybody laughs like crazy during this!

For the adults watching, I also work in some unique effects in which members of the audience apparently display mind reading powers! It's all fast-paced, designed to entertain ALL age groups.

For larger groups, I also do an energetic music routine in which my pocket hanky dances all over the place without me being close enough to even touch it..what makes the kids laugh so much is they see it, but I don't. When they scream, I turn to look at it, but the hanky ducks back down until I turn around again, and this happens a few times until the kids are laughing hysterically.

And there's a special encore effect in which I create a snowstorm on stage! This ending is guaranteed to leave them talking for days afterwards. This is a special effect I do for outside shows. I also offer several other magic effects especially for outside shows, so you can rest assured that you'll get a great performance indoors or out.

Also for larger groups, I bring larger effects that the guests will be able to see, and also bring a professional DJ-quality sound system and wireless microphone to ensure that the guests see everything, hear everything he has to say, and hear the music clearly too.

I'm a Family specialist, and a full-time family entertainer with 15 years experience, so I really know how to interact with everyone, and I make sure the entire program is family-friendly, with CLEAN comedy that won't offend anyone. I've performed for several churches and convents, so I know EXACTLY how to perform for mixed groups.

The entire program is SO EASY for you! I don't need any tables or equipment from you, I bring my own sound equipment, and don't need any help carrying anything or setting up. All you need to do is sit back, relax, and take all the credit!

At the end of the show, I do something very different. Most of the other magicians and clowns make balloon animals for the kids and that's fine. I do offer balloons, but I wanted to also offer something that lasts a little longer

I provide an easy-to-do pamphlet of magic tricks for every child to take home. Again this is unique to my show; it is a learning experience and a memory that will last a lifetime.

The Bronze Package is available for \$125.00 for groups of 30 or less, \$150.00 for groups 35 to 70 people.

For groups of over 70 guests, this package is available for \$175.00.

Balloon animals are also available for \$75 an hour, but it's only \$50 an hour when purchased with any magic package.

The Silver Package consists of strolling magic; this involves going from table to table, or wherever you guests may converge. This is like the street magic you see on TV, and I perform close up effects, such as sleight of hand, and mind reading. This will also involve audience participation, with the magic happening literally inches from their eyes, and in most cases in their own hands!

In this package, I transform borrowed money "inside out," cause metal forks to bend magically in spectator's hands, cause the time on a spectator's watch to change...while it's in their hands, and use a deck of cards to become an actual animated cartoon right before people's eyes. There's also a lot more, too.

The best thing about this package is that you don't need any special seating or special arrangements . . . this program can be done literally anywhere, and the magic will come to YOU!

For outdoor parties, this is definitely the way to go - You don't have to worry about wind or weather for this program, you don't have to worry about trying to get everyone to cooperate and sit down for stage entertainment and seeing as how each performance is usually 5 to 10 minutes, it doesn't interrupt the flow of the event, with people conversing, and so forth.

The Silver Package is available for \$150.00 for the first hour and a half, \$125.00 for each additional hour.

The Gold Package consists of the two packages I mentioned earlier. A 40-45-minute stage show and a full hour of strolling magic. The Gold Package is available for \$275.00

Large Events for SCHOOLS-Entertainment

In addition to entertaining programs, I also offer several theme shows for your students. They include: "Drug-Free, That 's Me", "I Love To read!" "Yes I Can!" "No Bullies Allowed!", "We Say No!" "Holiday Show," and "Halloween Show." Each of these special themed programs has separate versions – one geared for k-3, and one for grade 4-6. **Regardless of which program you go with, the children are kept under control the entire time.** After I explain what I do for regular entertainment programs, if you'd like I can tell you what I offer for motivational assembly programs.

I need to ask a few questions. First, what kind of event is this for? Where will the event be held? How many children are you expecting? What grade levels? How many performances?

The Bronze Package, for what I call the "Fast Set-Up" Option, consists of a 40–45-minute show featuring audience participation, music to enhance certain routines, funny & amazing magic, and loads of laughs. After I bring all of the equipment into the building, this program only takes 15-20 minutes to set up, so disruption in your day is minimized.

Since it 's an interactive show, I use a lot of volunteers, and ALL the kids get to help out in some way, which is important because kids don 't like to just sit and watch – they like to be involved.

The show is very professional looking, with a large backdrop, music to enhance the event, and a wide variety of colorful tables, props, and effects to give the show a professional, enjoyable look and feel.

Other effects include: different forms of levitations, a comedy routine involving tissue paper, a volunteer, and dancing, and a routine with my magic Floating Pet! It=s one of the routines that gets the most laughs and people remember the most! Everybody laughs like crazy during this.

(If it's a "family" event where parents will be watching, such as a family fun night, I read the following underlined paragraph:)

For the adults watching, I also work in some unique effects in which members of the audience apparently display mind reading powers! One adult will actually read the mind of a child! It=s all fast-paced, fun, and designed to entertain ALL age groups.

I also do an energetic music routine in which my pocket hanky dances all over the place without me being close enough to even touch it...what makes the kids laugh so much is they see it, but I don=t. When they scream, I turn to look at it, but the hanky ducks back down until I turn around again, and this happens a few times until the kids are laughing hysterically.

And there=s a special encore effect in which I create a snowstorm on stage! This ending is guaranteed to leave them talking for days afterwards.

While everything I just described is visible and appropriate for hundreds of people, for larger groups, some schools want our "BIG SHOW" option, where I can bring larger

effects that the guests will really become excited, and also bring a professional DJ-quality sound system and wireless microphone to ensure that the guests see everything, hear everything he has to say, and hear the music clearly too.

In the **“BIG SHOW”** option, I offer several extra-special effects: First, I cause live birds to appear from thin air! This always amazes people of all ages. After this opening, you'll hear them laugh, clap, and eagerly wait for the next surprise.

I also offer your choice of one of the following: The Flying Carpet Illusion in which I make one of the kids float in the air! This is best for kids aged 4-8. It's a great photo opportunity and really ends the performance on a high note!

Or, at the end of the show, I transform the birds into a live fuzzy ferret right before your eyes! This is perfect for ANY age.

The “Big Show” Option takes about 35-45 minutes to set up after I've brought everything into the building.

I'm a full-time children's entertainer and a Family specialist with 15 years experience, so I really know how to interact with everyone, and I make sure the entire program is family-friendly, with CLEAN comedy that won't offend anyone. I've performed for several area schools and companies, so I know EXACTLY how to perform for mixed groups.

The entire program is SO EASY for you – I don't need any tables or equipment from you, I bring my own sound equipment – one less thing to worry about - and don't need any help carrying anything or setting up. All you need to do is sit back, relax, and take all the credit!

The Bronze Package is available as the “Fast Set-Up” for \$195 for one assembly and \$275 for 2 shows. For less than 100 people, one assembly is available for \$175, two for \$250. For one classroom, it's \$125 for one show. Multi-show discounts are available.

The **“BIG SHOW”** option, with the live birds, ferret, and other BIG effects is available for an additional \$50 for one program or \$75 for two programs.

Balloon animals are also available for \$75 an hour, but it's only \$50 an hour when purchased with any magic package.

The Silver Package consists of strolling magic. This involves going from table to table, or wherever you guests may converge. This is like the street magic you see on TV, and I perform close up effects, such as sleight of hand, and mind reading. This will also involve audience participation, with the magic happening literally inches from their eyes, and in most cases in their own hands!

In this package, I transform borrowed money "inside out," cause metal forks to bend magically in spectator's hands, one red ball suddenly becomes 20 while in a child's hand, cause the time on a spectator's watch to change...while it's in their hands, and use a deck of cards to become an actual animated cartoon right before people's eyes. There's also a lot more, too.

The best thing about this package is that you don't need any special seating or special arrangements – this program can be done literally anywhere, and the magic will come to YOU!

For outdoor parties, this is definitely the way to go – You don't have to worry about wind or weather for this program, you don't have to worry about trying to get

everyone to cooperate and sit down for stage entertainment and seeing as how each performance is usually 5 to 10 minutes, it doesn't interrupt the flow of the event, with people conversing, and so forth.

The Silver Package is available for \$150.00 for the first hour, \$125.00 for each additional hour.

The Gold Package consists of the two packages I mentioned earlier: A 40–45-minute stage show and a full hour of strolling magic. This gives you A LOT more party coverage. This package is full of unique entertainment that both you and the children can see, hear, touch, and interact with.

The Gold Package involves adding the Strolling Magic for only \$75 to any Stage Show package, whether it's a "Fast set-up" or a "Big Show" or multiple programs.

With every program I offer, I have an unconditional better-than-money-back guarantee: If you're unhappy with the program for any reason, not only do you get the program free, but I also donate \$100 to your PTA/PTO fund! Don't worry, though, in 15 years, no one has ever taken me on my guarantee!

You're getting a program that's clean with NO inappropriate or offensive material, 15 years experience in schools, professional appearance, and is extremely easy to work with. I know I through a lot of information at you, so do you have any questions for me?

ADULT FUNCTION – Range One

Before we get into the specifics of the programs, let me tell you some things about us to put your mind at ease as far as entertainers. What we do for our programs is customize the entertainment right from the start. A lot of performers offer a show, then a price, and that's it. . . their show may be too small or too large for your group, or it may be inappropriate.

By customizing entertainment packages for you, you get the right sized entertainment, the appropriate program length, even down to what kind of specific effects in the program.

Our programs are EXTREMELY CLEAN, meaning you don't have to worry about whether anyone will be offended. Our guarantee is this: if anyone walks away from the show offended or unhappy, you don't pay – it's that simple, and that strong! By the way, in 12 years of performing, no one has EVER taken us up on it!

We also bring all of our own sound equipment and tables, which makes our programs EXTREMELY EASY to work with – you don't have to provide us with anything! There's very little we need. We also contact your banquet facility ourselves and make our own arrangements as far as staging, making sure it also does not conflict with any arrangements you've already made.

All you have to do is sit back and take credit for planning such a great event. In fact, we guarantee people will thank YOU for great entertainment. We're full-time, with 15 years of experience, having presented for General Motors, United Airlines, The Home-Depot, Buffalo Bills, and many other fine companies over the years.

We have three entertainment package ranges to accommodate the budgets and needs of different clients. They are from \$225 to \$425, \$275-\$550, and finally \$325-\$645. Which range does your company fit? Now we can take a look at some of the different options for you.

Range 1: \$225-\$425—good for groups up to 150 people.

The Bronze Package consists of a 30–45-minute stage magic and mind reading program featuring audience participation, squeaky-clean comedy, highly visual magic routines, and some amazing mind reading effects.

The program begins with a customized-for-your-group magic demonstration gives audience members the chance to win thousands of dollars...that is not a joke, they really do get the chance, although I make no promises.

We can get the president, general manager, or any co-workers involved in the program as guests will perform magic and mind reading effects that will make them the talk of the party. This is a lot of fun, because it's entertaining to watch me early in the show, but it's even more fun to see your co-workers do it in the same program. It's a lot more fun, more personal, and gets people involved and laughing.

One segment of the show involves the entertainer, me, apparently reading the minds of some spectators – revealing the name of their childhood friends, a childhood pet, and even reproducing a drawing from their mind! This type of entertainment is MUCH more memorable because it deals with personal information from the audience, and not just "I'll find your card." This is all done tastefully, and participants are NEVER made the butt of jokes.

Your other guests will also become part of the show helping out with other magic segments, such as a comedy routine involving fruit, fire, and money – A \$50 bill is borrowed, torn up, and one piece is given to the owner as the rest is burned up. They choose a piece of fruit, which is then cut open. Their bill is found inside, and the piece torn off before it was burned up matches perfectly, along with the serial number!

Your guests will laugh and be amazed throughout the show, especially the end, with a customized-for-your-group psychic demonstration, which involves several guests making all the choices, and being actively involved in either a motivational/sales type of demonstration, a "dream vacation," or a "murder mystery" a light-hearted experiment similar to the popular Clue game, but with a magical twist!

This is all done to get your guests involved and laughing, and this ends with a souvenir for the guest of honor, as a postcard, sealed in an envelope and given to a member of the audience, is opened, and revealed to have all the choices that the audience randomly selected during the program.

A professional DJ-quality sound system with wireless microphone is used to enhance the event for groups over 75, to make sure they can hear everything, which is one less thing to worry about.

This show guarantees unforgettable memories and is customizable for size of the audience, how much or how little your group wants to be directly involved, how much magic or mind reading, and even customizable to include the participation of ideal individuals through the use of our easy two-minute customization form.

The Bronze Package is available for \$250 for groups up to 100 people for a 40–45-minute show, and \$325 for a 40–45-minute show of over 100 people.

The Silver Package consists of strolling magic, which involves me going from table to table, or wherever your guests converge. I'll perform close up effects, such as sleight of hand with cards, and mind reading, involving audience participation.

This program is similar to the street magic you see on TV – This form of entertainment is VERY popular and, with the performances ranging from 5 to 10 minutes each, has the added advantage of not interrupting the flow of the event – people socializing, and so on.

Effects include metal forks bending while in the hands of your guests, a borrowed \$20.00 changing into a \$1...and back again! The hands of their watch changing...while it's in THEIR hands, and plenty more.

These presentations are even EASIER to use than the last package because we need NO area for stage, NO set-up time, NO special seating arrangements, and the entertainment goes directly to the people – it's more personal for everyone, because the entertainment is literally inches from their eyes, and much of it can happen in their hands.

Another nice thing about this program – if there are a lot of people present, this program can serve as a way to get people together, to start the "mixing and mingling" which can sometimes be difficult at some events.

The Silver Package can be customized for length, making it the easiest package yet!

This package is available for \$225 for the first hour, \$175 each additional hour.

The **Gold Package** is a combo package, where you can get a stage show and an hour of strolling magic for only an additional \$100 above the fee of your stage show

Other REALLY large effects enhance this package, including a segment where 6 different drinks are poured from one milk carton...which is then torn open and shown to be free of trickery. Audience members also get to drink the drinks, discovering for themselves that they really are all different & genuine. Also, later on in the show, the live birds are transformed into a live ferret. It's highly visual, plays to the largest audience, and we guarantee your guests will never forget it.

As a fun option, we can also get a volunteer –perhaps the company president? –to put his/her head into my 6-ft tall guillotine! After a lot of fun, the blade drops, and he/she comes out unharmed...usually. Just kidding!

We can also float someone in the air! This is really fun and guarantees that guests will remember the program for years after! I suggest using a high-profile person in your organization.

Your guests will laugh and be amazed throughout the show, especially the end, with a customized-for-your-group psychic demonstration, which involves several guests making all the choices, and being actively involved in either a motivational/sales type of demonstration, a "dream vacation," or a "murder mystery," a light-hearted experiment similar to the popular Clue game, but with a magical twist!
